RE: Addendum to the 2014 Aerial Herbicide Application Program Request for Service – Big Pic and Pic River Forests

The Nawiinginokiima Forest Management Corporation (NFMFC) is accepting proposals for the development and delivery of the 2014 Aerial Herbicide Application Program. The program will cover approximately 290ha of chemical site preparation and 1,153ha of aerial tending on the Big Pic forest; 143ha of chemical site preparation on the Pic River forest.

Addendum:

Area scheduled for chemical site preparation was assessed through Forest Operations Prescriptions completed last fall. This area should be considered fixed, assuming no outside factors affect the need for the block to be treated.

Area scheduled for aerial tending have yet to be assessed. This area should be considered variable, up to a maximum of 1,153ha allowable in this year's annual work schedule.

Please consider the aforementioned if developing a bid submission.

Considering the circumstances a new submission deadline has been set:

Your submission can be emailed to carmelo.notarbartolo@nfmforestry.ca and is to be received no later than **3:00pm, May 2, 2014**

If you have any questions, please do not hesitate to contact me at your earliest convenience,
